

Gulf Coast Hurricane Prep Checklist

- Create a family emergency plan with evacuation routes.
- Assemble a hurricane emergency kit (water, food, flashlights, batteries, medications).
- Store valuable documents in waterproof containers or scan and store digitally.
- Secure outdoor furniture and clear debris from yard and gutters.
- Know your flood zone and review local emergency contacts.
- Fill your gas tank and charge mobile devices in advance.
- Stock up on necessary supplies: tarps, plywood, sandbags.
- Photograph your home and belongings for insurance documentation.
- Place irreplaceable items in climate-controlled self storage.
- Download emergency apps like FEMA, MyStorPal, and local weather alerts.
